

Inspect ACM

Inspect Asbestos Containing Materials

Aim

To ensure officers who are required to inspect housing stock or manage repairs to Department offices, are competent to do so as prescribed in the Code of Practice for the management and control of asbestos in workplaces [NOHSC2018 (2005)].

Target group

Staff with tenancy, property or office management responsibilities.

Learning Outcomes

- Understand the responsibilities of the person in control
- Apply the Asbestos Management Plan
- Access the Asbestos Register for a workplace
- Identify elements in offices and houses that contain asbestos
- Assess the condition of asbestos and risk
- Maintain the asbestos register
- Use appropriate control measures
- Identify hazards associated with the removal process
- Understand the responsibilities of contractors performing maintenance
- Conduct inspections before reoccupation
